### SHOWER SQUEEGEE FOR WINDOWS AND MIRRORS

Forget streaks and endless wiping! Use a shower squeegee to clean windows and mirrors in seconds. It's faster than a cloth and leaves a flawless finish. Bonus: It works great on glass shower doors too!

### DRYER SHEETS FOR DUSTING

Got leftover dryer sheets? They're perfect for dusting! The anti-static properties help trap dust and leave surfaces shiny. Use them on baseboards, blinds, and even TV screens.

### MICROWAVE CLEANING MAGIC

Sticky microwave? Fill a microwave-safe bowl with water and a few slices of lemon. Heat for 2-3 minutes, then wipe away the grime with ease. The steam loosens dirt, and the lemon leaves a fresh scent.

### TOOTHBRUSH FOR GROUT

Don't let dirty grout ruin your tiles. Use an old toothbrush and a paste of baking soda and water to scrub grout lines. It's a small tool with big results!

### PILLOWCASE FOR CEILING FANS

Dusty ceiling fans? Slide a pillowcase over each blade and wipe. The dust stays inside the pillowcase, and you avoid a dusty mess on your floors.

### DISHWASHER CLEANING FOR TOYS

Plastic toys looking grimy? Toss them in the dishwasher (top rack only) for a quick and easy clean. Just skip the heated dry cycle to avoid warping.

### COFFEE FILTERS FOR SCREENS

TVs, laptops, and phones collect fingerprints and dust. Use a coffee filter to wipe screens – they're lint-free and won't scratch surfaces.

### ICE CUBES FOR GARBAGE DISPOSAL

Keep your garbage disposal fresh and clean by grinding ice cubes with a handful of lemon or orange peels. It sharpens the blades and eliminates odors.
